To the Board of Waterworks Commissioners of the
Parish of Iberville, Louisiana - Waterworks District No. 3

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying basic financial statements of the Parish of Iberville, Louisiana - Waterworks District No. 3, a component unit of the Iberville Parish Council, as of and for the year ended March 31, 2003, as listed in the Table of Contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

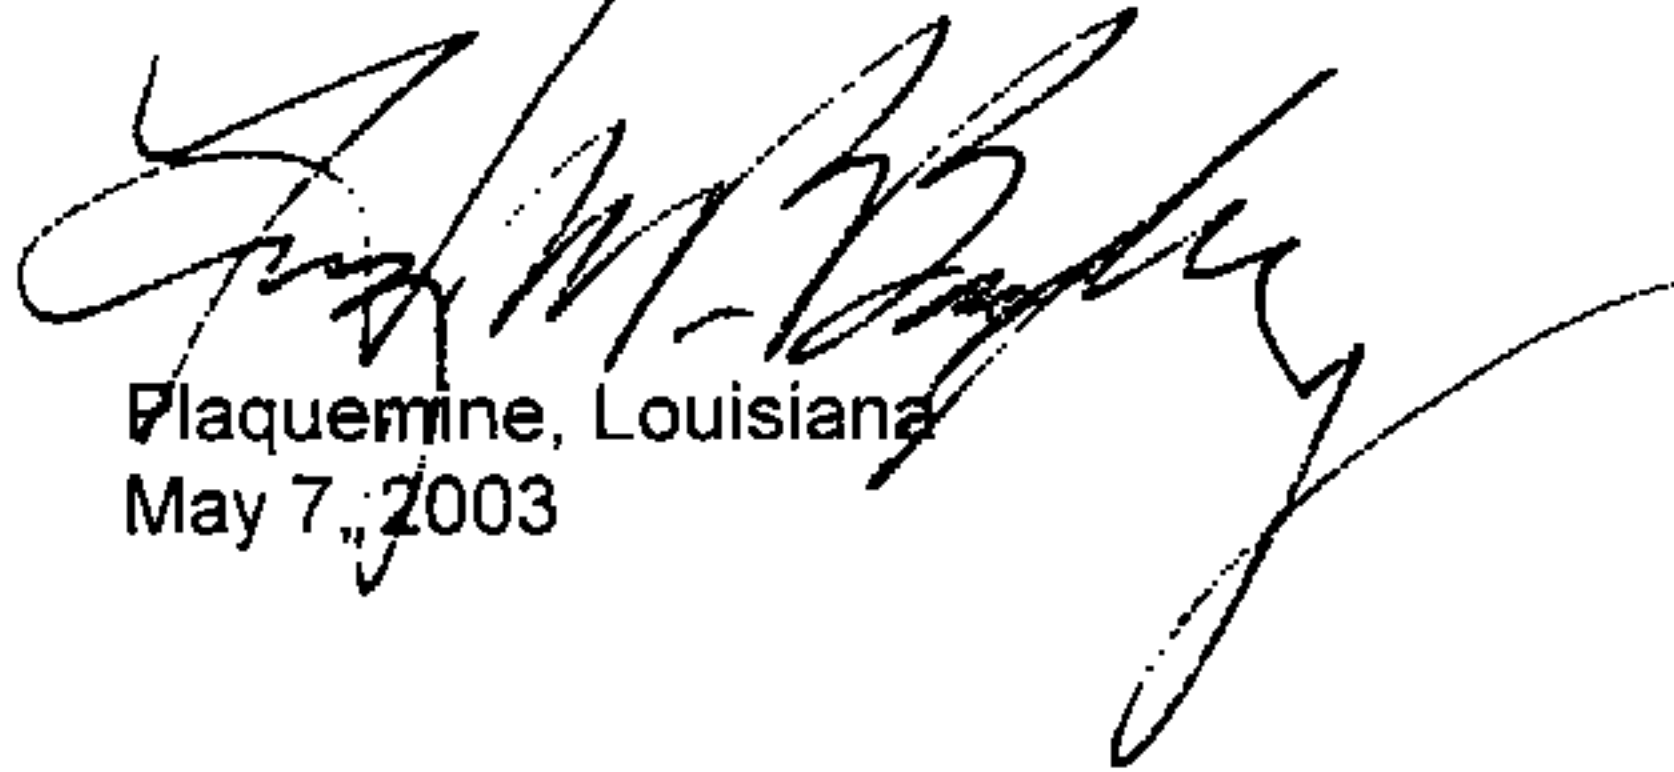

In our opinion, the basic financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Parish of Iberville, Louisiana - Waterworks District No. 3 as of March 31, 2003, and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated May 7, 2003, on our consideration of the Parish of Iberville, Louisiana - Waterworks District No. 3's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants.

The Management's Discussion and Analysis and the other required supplementary information on pages 6 through 13 are not a required part of the basic financial statements but are supplementary information required by the Government Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

INDEPENDENT AUDITORS' REPORT (continued)

The other supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of Parish of Iberville, Louisiana - Waterworks District No. 3. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Board of Waterworks Commissioners of the Parish
of Iberville, Louisiana - Waterworks District No. 3

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

We have audited the basic financial statements of the Parish of Iberville, Louisiana - Waterworks District No. 3, a component unit of Iberville Parish Council as of and for the year ended March 31, 2003, and have issued our report thereon dated May 7, 2003. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

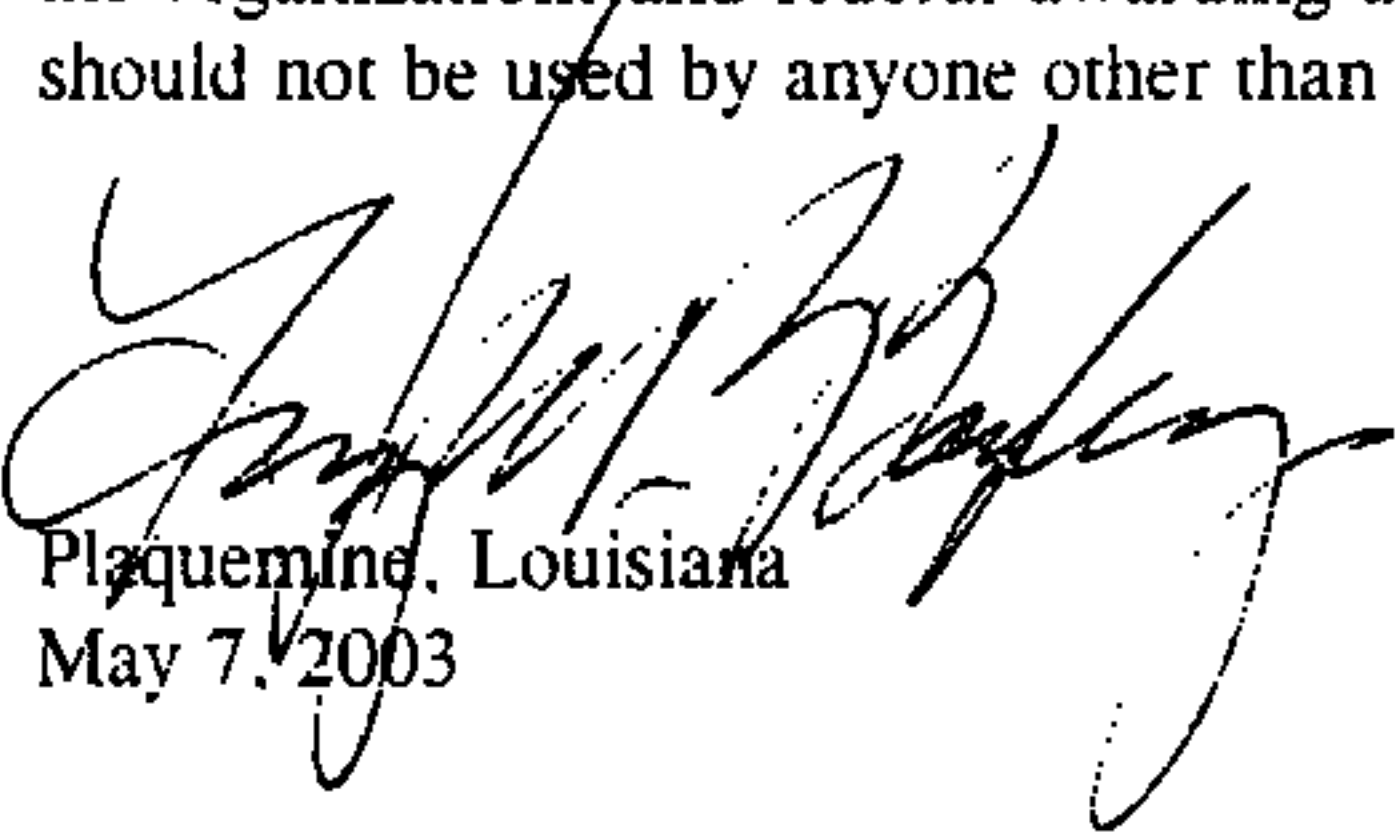

As part of obtaining reasonable assurance about whether the Parish of Iberville, Louisiana - Waterworks District No. 3's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Parish of Iberville, Louisiana - Waterworks District No. 3's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* (CONTINUED)**

This report is intended for the information and use of management, the Legislative Auditors, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REQUIRED SUPPLEMENTARY INFORMATION

Managements Discussion and Analysis

Managements Discussion and Analysis

As management of the Iberville Parish Water District No. 3, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended March 31, 2003.

Financial Highlights

- The assets of the Iberville Parish Water District No. 3 exceeded its liabilities at the close of the most recent fiscal year by \$3,200,564 (*net assets*). Of this amount, \$219,694 (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The District's total net assets increased by \$42,402. The increase is due to more efficient management of the districts resources. Revenues and other sources decreased by \$65,835. The primary reasons for the fall in revenue were the revenue from the sale of water decreased and interest revenue decreased because of falling interest rates. Expenses and other uses decreased by almost \$34,954. The fall in expenses are related to more efficient chemical treatment and a reduction in administrative costs.
- The District's total debt decreased by \$99,408 due to the retirement of principal on four revenue bonds.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Iberville Parish Water District No. 3's basic financial statements. The District's basic financial statements comprise two components: 1) proprietary fund financial statements and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Proprietary Fund Financial Statements

Proprietary funds provide the same type of information as the conventional government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water operation, which is considered to be the only major fund of Iberville Water District No. 3.

The *proprietary fund financial statements* are designed to provide readers with a broad overview of Iberville Parish Water District No. 3's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of revenues expenditures and changes in net assets* present information showing how the entity's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*

The business-type activities of the Iberville Water District No. 3 are conducted through the Iberville Parish Council Utility Department and they include only water operations. The district has no component units or separate fund types.

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Iberville Parish Water District No. 2, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District uses only the only enterprise fund types of proprietary funds.

An *Enterprise fund* is a proprietary fund type used to report an activity for which a fee is charged to external users for the consumption and/or purchase of goods or services.

The basic proprietary fund financial statements can be found on pages 15-18 of this report

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19-26 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Parish of Iberville, Louisiana, Waterworks District No. 3's progress in funding its obligations. Required supplementary information can be found on pages 7-13 of this report.

Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Iberville Parish Water District No. 3, assets exceeded liabilities by \$3,200,564 at the close of the most recent fiscal year.

By far the largest portion of the District's net assets (80 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens. Consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it is not an expendable resource. The resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Iberville Parish Water District No. 3

Table 1

Net Assets

	<u>Business - type activities</u>	
	<u>2003</u>	<u>2002</u>
Current and other assets	\$ 967,065	\$ 952,921
Capital assets	<u>5,142,029</u>	<u>5,190,831</u>
Total assets	<u>6,109,094</u>	<u>6,143,752</u>
Long-term liabilities outstanding	2,587,651	2,694,673
Other liabilities	<u>320,879</u>	<u>290,917</u>
Total liabilities	<u>2,908,530</u>	<u>2,985,590</u>
Net assets:		
Invested in capital assets, net		
Of related debt	2,554,378	2,496,158
Restricted	426,492	438,076
Unrestricted	<u>219,694</u>	<u>223,928</u>
Total net assets	<u>\$ 3,200,564</u>	<u>\$ 3,158,162</u>

A portion of Iberville Parish Water District No. 3's net assets \$426,492 (13 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net assets* \$219,694 (7 percent) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Iberville Parish Water District No. 3 was able to report positive balances in its net assets. The same situation held true for the prior fiscal year.

Key elements of this increase are as follows:

Iberville Parish Water District No. 3

Table 2

Changes in Net assets

	<u>Business - type activities</u>	
	<u>2003</u>	<u>2002</u>
Revenues		
Program revenues		
Charges for services	956,380	988,278

Total Revenues	<u>1,057,874</u>	<u>1,059,919</u>
Other expenditures	1,784	1,783
Interest on long term debt	149,349	152,879
Water	<u>864,339</u>	<u>895,763</u>
Total Expenses	<u>1,015,472</u>	<u>1,050,425</u>
Increase (decrease) in net		
Assets	42,402	9,494
Net Assets Beginning	<u>3,158,162</u>	<u>3,148,668</u>
Net Assets Ending	<u>3,200,564</u>	<u>3,158,162</u>

The government's total net assets increased by \$42,402. The increase is due to more efficient management of the districts resources. Revenues and other sources decreased by \$2,045. Expenses and other uses decreased by almost \$34,953. At the same time, depreciation increased, and major maintenance programs were completed.

The Water district received \$13,200 and \$65,590 capital contributions from their customers and Georgia Gulf Corporation. The grant and contributed capital are related to the completion of various infrastructure projects to address water concerns. The difference in a non-operating grant and contributed capital is a restriction on the use of the funds.

Other factors concerning the finances of this fund have already been addressed in the discussion of the Iberville Parish Water District No. 3's business-type activities.

Revenues by Source - Business Type Activities

Capital Asset and Debt Administration

Capital assets

The Iberville Parish Water District No. 3's investment in capital assets for its business type activities as of March 31, 2003, amounts to \$5,106,604 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, machinery and equipment. The total decrease in the Iberville Parish Water District No.3's investment in capital assets for the current fiscal year was \$48,802.

Major capital asset events during the current fiscal year included the following:

Iberville Parish Water District No. 3

Table 3

Water District No. 3 - Capital Assets
(Net of depreciation)

	<u>Business - type activities</u>	
	<u>2003</u>	<u>2002</u>
Land	\$ 35,425	\$ 35,449
Buildings and system	<u>5,106,604</u>	<u>5,155,382</u>
Total	<u>\$ 5,142,029</u>	<u>\$ 5,190,831</u>

Additional information on the Iberville Parish Water District No. 3's capital assets can be found on page 30 of this report.

Long-term debt

At the end of the current fiscal year, the Iberville Parish Water District No. 3 had total debt outstanding of \$2,587,651 comprised entirely of revenue bonds for which the district is liable.

Revenue Bonds	\$ 2,587,651	\$ 2,694,673
Total	<u>\$ 2,587,651</u>	<u>\$ 2,794,614</u>

Additional information on the Iberville Parish Water District No. 3's long-term debt can be found on pages 21-23 of this report.

Economic Factors and Next Years Rates:

- The parish is heavily dependent upon the chemical industry. Iberville Water District No. 3 will begin supplying water to Georgia Gulf Corp. sometime during the 2003 calendar year. This will increase operating revenues at no cost to the District. Georgia Gulf is providing all capital improvements for the district to provide water. The exact impact on the District's revenue has not yet been determined.
- The district has not increased rates since 1999 and did not propose a rate increase for 2003.

These factors were considered in preparing the Iberville Parish Water District No. 3's budget for the 2004 fiscal year.

During the current fiscal year, unrestricted net assets decreased to \$219,694. As a proprietary fund type, the district is not required to adopt a budget. It is anticipated that positive unrestricted net assets will avoid the need to raise taxes or charges during the 2003- 04 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the Iberville Parish Water District No. 3's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Iberville Parish Water District No. 3, Iberville Parish Council, Office of the Finance Director, P. O. Box 389, Plaquemine, LA 70764

PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2003

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The Water District No. 3, of the Parish of Iberville, Louisiana, was created by an ordinance of the Iberville Parish Police Jury in 1971. The governing authority of the District consists of six members of a Board of Commissioners appointed to five-year terms by the Parish Council.

Basis of Presentation

The accompanying financial statements of the Water District No. 3 of the Parish of Iberville, Louisiana have been prepared in conformity with accounting principals generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principals.

Reporting Entity

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. In conformance with GASB Codification Section 2100, the District is a component unit of the Iberville Parish Council. The accompanying basic financial statements present only the transactions of the Water District No. 3 of the Parish of Iberville, Louisiana.

Fund structure

Water District No. 3 of the Parish of Iberville, Louisiana, a component unit of the Parish, is an Enterprise Fund. Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Method of Accounting

On April 1, 2001, the District adopted the provisions of Governmental Accounting Standards Board Statement No. 34 (Statement 34) "*Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments.*" Statement 34 established standards for external reporting for all state and local governmental entities which includes a statement of net assets, a statement of activities and changes in net assets and a statement of cash flows. It requires the classification of net assets into three components - invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

Invested in capital assets, net of related debt - This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the unspent related debt proceeds at year-end. The portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt, rather, that portion of the debt is included in the same net assets component as the unspent proceeds.

PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
NOTES TO FINANCIAL STATEMENTS

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted - This component of net assets consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets - The component of net assets consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

The adoption of Statement 34 had no effect on the basic financial statements except for the classification of net assets in accordance with Statement 34 and the reflection of capital contributions as a change in net assets.

The Water District utilizes the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred. Revenues for utility services are accrued through year-end.

Revenue Billings

Utility customers are billed throughout the month in cyclical billings by route. Revenues are accrued at year end from the date of last billing.

Plant

Plant and equipment are recorded at cost and depreciation is computed on the straight-line method over estimated useful lives of 8-50 years.

The cost of customers' service line extensions is billed to the customer and the proceeds are credited to contributed capital.

Amortization of Deferred Charges:

The cost of leased land is being amortized over the lease term from 3 to 50 years, on a straight-line basis.

Amortization of deferred debt expense is computed over the life of the bond issue, on a straight-line basis.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the District considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents. Accordingly, all restricted cash and time deposits are considered cash and cash equivalents.

PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
NOTES TO FINANCIAL STATEMENTS

NOTE B - BONDS PAYABLE

Waterworks Revenue Bonds Dated April, 1970

The U.S. Department of Housing and Urban Development is the holder of water revenue bonds dated April 1, 1970, which amounted to \$1,000,000. The bonds bear interest at the rate of 5%, payable semi-annually on April 1st and October 1st of each year. They mature serially as shown in the following schedule.

WATERWORKS REVENUE BONDS DATED APRIL 1970

<u>BONDS MATURING IN FISCAL YEAR</u>	<u>SERIAL BOND NUMBERS</u>	<u>TOTAL MATURITIES</u>
2004	120-128	\$ 45,000
2005	129-137	45,000
2006	138-146	45,000
2007	147-156	50,000
2008	157-166	50,000
2009	167-177	55,000
2010	178-188	55,000
2011	189-200	<u>60,000</u>
TOTALS		<u>\$ 405,000</u>

The bonds are callable at par plus a premium of 4%, except that the call premium reduces one 1/4 of 1% each year after the tenth year, on or after which date there shall be no premium on bonds called.

Waterworks Revenue Bonds Dated February 10, 1983

The U.S. Department of Agriculture Farmers Home Administration is the holder of a second water revenue bond dated February 10, 1983. The bond is a single, fully registered bond, without coupons, and bears interest at the rate of 5% per annum. The bond is payable in annual installments of \$35,480, including interest, beginning February 10, 1984, and annually thereafter through February 10, 2007. Any installments for the payment of principal thereon may be paid prior to the due date at a price of par and accrued interest to the date of prepayment. Payments on the bond shall be applied first to interest due through the date of payment, and then to principal.

The bond is payable in annual installments as follows:

Amount due February 10, 2004 (interest only)	\$4,156
Amount due February 10, 2004-2007 (principal and interest)	\$141,920

PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
NOTES TO FINANCIAL STATEMENTS

NOTE B - BONDS PAYABLE (CONTINUED)

Waterworks Revenue Bonds, Series 1991, Dated August 21, 1992

The U.S. Department of Agriculture Farmers Home Administration (FHA) is the holder of two water revenue bonds dated August 21, 1992. The bonds are fully registered, without coupons, and bear interest at a rate of 5.625% per annum. The bonds are payable in annual installments of \$127,600, including interest, beginning February 10, 1993 and annually thereafter through February 10, 2033. Any installments for the payment of principal thereon may be paid prior to the due date at a price of par and accrued interest to the date of prepayment. Payments on the bond shall be applied first to interest through date of payment, and then to principal.

The bonds are payable in annual installments as follows:

Amount due February 10, 2004 (interest only)	\$101,243
Amount due February 10, 2004 - 2033 (principal & interest)	\$3,828,000

Waterworks Revenue Bonds Dated April 5, 1999

The U.S. Department of Agriculture Farmers Home Administration is the holder of a water revenue bond dated April 5, 1999. The bond is a single, fully registered bond, without coupons, and bears interest at the rate of 4.875% per annum. The bond is payable in annual installments of \$23,800, including interest, beginning February 10, 2000, and annually thereafter through February 10, 2040. Any installments for the payment of principal thereon may be paid prior to the due date at a price of par and accrued interest to the date of prepayment. Payments on the bond shall be applied first to interest due through the date of payment, and then to principal.

The bond is payable in annual installments as follows:

Amount due February 10, 2004 (interest only)	\$19,809
Amount due February 10, 2004 - 2040 (principal & interest)	\$880,600

PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
NOTES TO FINANCIAL STATEMENTS

NOTE C - FLOW OF FUNDS - RESTRICTIONS ON USE

Under the terms of the bond indentures on outstanding Water Utility Bonds dated April 1, 1970, February 10, 1983, August 21, 1992, and April 5, 1999, all income and revenue (hereinafter referred to as revenue) of every nature, earned or derived from operations of the Utility System are pledged and dedicated to the retirement of said bonds, and are to be set aside into the "Water System Revenue Fund." Such revenues shall be expended and used only in the manner and order specified below:

The first charge against the Water System Revenue Fund shall be the payment of reasonable and necessary expenses incurred in the current operation and maintenance of the system.

Each month, there will be set aside into a fund called the "Water System Revenue Bond and Interest Sinking Fund" an amount constituting no less than 1/12 of the next maturing installment of principal and interest on the outstanding 1970, 1983, 1992 and 1999 bonds, respectively. Such transfers shall be fully sufficient to assure the prompt payment of principal and interest installments as they become due, and may be used only for such payments. In fiscal 2002 all transfers were properly made for the 1970, 1983, and 1992 bonds.

In accordance with the 1970 bond issue, there shall also be set aside into a "Water Revenue Bond Reserve Fund" an amount equal to 20% of that sum transferred to the Water System Revenue Bond and Interest Sinking Fund until such time as the funds and/or investments in the Water Revenue Bond Reserve Fund shall equal \$72,000. With respect to the 1983, 1992, and 1999 bond resolution, the amount to be set aside each month into the Water Revenue Bond Reserve Fund shall be 5% of the sum required to be transferred each month into the Sinking Fund for both the 1970, 1983, 1992, and 1999 bond issues as stated above. Payments shall continue until the highest annual debt service amount on the combined bond issues, including principal and interest payable in any future fiscal year, is accumulated.

Money in the Reserve Fund may be used solely for the payment of maturing bonds and interest coupons for which sufficient funds are not on deposit in the Water Revenue Bond Fund and as to which there would otherwise be a default.

In connection with the 1970 bond issue, funds were also set aside into a "Water Replacement and Extension Fund" by monthly transfers of \$300. The payments were to continue until the amount of \$36,000 is on deposit in the fund and said fund was, thereafter, to be maintained in said amount. Money in this fund may be used for the purpose of paying the cost of unusual and extraordinary maintenance, repairs, replacements, and extensions and of paying the cost of improvements to the system which will either enhance its revenue-producing capacity or provide a higher degree of service. Money in this fund may also be used to pay principal or interest on the bonds falling due and to maintain the required debt service of \$72,000.

The 1983 and 1992 bond issues also established a "Depreciation and Contingency Fund" into which monthly transfers of \$1,146 are to be made. The funds may be used for the same purpose as the Water Replacement and Extension Fund mentioned above. The 1999 bond issue established a "Depreciation and Contingency Fund" as well. Any balance in the Water System Revenue Fund may be used for the purpose of acquiring for cancellation the outstanding Water Revenue Bonds or for any other lawful purpose.

PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
NOTES TO FINANCIAL STATEMENTS

NOTE E - CASH AND CASH EQUIVALENTS

For reporting purposes, cash and cash equivalents include cash, demand deposits, time deposits and certificates of deposit. Under state law, the Parish of Iberville, Louisiana - Waterworks District No. 3, may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, any other state in the Union, or the laws of the United States. Further, the Parish of Iberville, Louisiana - Waterworks District No. 3 may invest in the deposits or certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

For the year ended March 31, 2003, the Parish of Iberville, Louisiana - Waterworks District No. 3 entered into a fiscal agency contract with a commercial bank domiciled within the Parish. The contract provided that all deposits are to be in Super NOW (negotiable orders of withdrawal) accounts paying a market rate of interest which approximates the interest rate on 13 week U.S. Treasury Bills. The contract called for 100% participation by the Bank of Commerce.

Under the contract, the Bank of Commerce acted as the servicing bank or agent for all deposits and withdrawals of the District. At March 31, 2003, the Parish of Iberville, Louisiana - Waterworks District No. 3 has bank balances totaling \$755,595.

The Bank of Commerce maintains an account in the name of the Parish of Iberville, Louisiana - Waterworks District No. 3 and thus has federal deposit insurance for that account in the amount of \$100,000 for checking, savings, and investments. Any excess of deposits over federal deposit insurance must be secured under state law by the pledge of bank-owned securities. The market value of the pledged securities plus the federal deposit insurance must at all times be equal to the amount on deposit with the banks. These pledged securities are held in the name of the pledging banks in an independent custodial bank that is mutually acceptable to the parties involved.

The following is a summary of cash and cash equivalents of the Parish of Iberville, Louisiana - Waterworks District No. 3 in the fiscal agency contract at March 31, 2003, with the related federal deposit insurance and pledged securities:

	<u>Bank Balances</u> <u>March 31, 2003</u>	<u>FDIC</u> <u>Insurance</u>	<u>Balances</u> <u>Uninsured</u>
Cash	<u>\$755,595</u>	<u>\$100,000</u>	\$655,595
Uncollateralized - Securities pledged and held by custodial banks in the name of fiscal agent banks at fair market value, at March 31, 2003			<u>1,001,565</u>
Excess of FDIC insurance and pledged securities over cash at March 31, 2003			<u>\$345,970</u>

PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
NOTES TO FINANCIAL STATEMENTS

NOTE E - CASH AND CASH EQUIVALENTS (CONTINUED)

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial banks to advertise and sell the pledged securities within ten (10) days of being notified by the District that the fiscal agency bank(s) has (have) failed to pay deposited funds upon demand.

NOTE F - INTEREST COSTS

There were no interest costs capitalized during the current period.

NOTE G - CHANGES IN AMOUNT INVESTED IN CAPITAL ASSETS, NET OF RELATED DEBT

The change in amounts invested in capital assets, net of related debt can be summarized as follows:

Balance at April 1, 2002	\$ 2,496,158
Change in capital assets	(48,802)
Change in related debt	<u>107,022</u>
Balance at March 31, 2003	<u><u>\$ 2,554,378</u></u>

NOTE H - LITIGATION

The Waterworks District No. 3 is involved in a suit with George Nolan Henson, Sr. According to the District's legal counsel, exposure is minimal to the District in reference to the alleged claims.

SUPPLEMENTARY INFORMATION

SCHEDULE 1

**PARISH OF IBERVILLE, LOUISIANA - WATERWORKS DISTRICT NO. 3
